say: four hundred and twenty-three thousand, two hundred and seventy-six euros

1. The ERDF co-financing rates per partners are set in Annex III. (Sources of funding) of the Subsidy Contract. As a general rule, the ERDF co-financing rates per partners cannot exceed 85% of the eligible public expenditures.
2. The maximum amount of ERDF contribution awarded for the project cannot be exceeded.
3. Should the total eligible costs after the completion of the project be lower than the budgeted amount, the abovementioned ERDF contribution awarded under the Programme will be correspondingly reduced according to the ERDF co-financing rates per partners set in Annex III.
4. Reimbursement of the ERDF contribution is under the condition that the European Commission makes the funds available to the above-described extent.
5. If the European Commission fails to make the funds available or the Memorandum of Understanding signed by the participating Member States is no longer in force, the MA will be entitled to terminate this contract.

Article 2 Duration of the project

1. Project starting date: 1st January 2014
2. Project end date: 31st December 2014
3. The project activities have to be carried out and finalised within the project period as well as project expenditure – with the exception of preparation costs – has to be incurred within the project period as defined in Article 2.1 and 2.2 but not under any circumstances later than 30th June 2015.

In case of contradiction between the abovementioned rules, the stricter rule shall apply.
3. State aid rules in application of Articles 87 and 88 of the EC Treaty as defined in annex VI must be respected if applicable.

Article 4

Reporting and Application for Reimbursement

1. The LP can only submit Application for Reimbursement to the Joint Technical Secretariat (hereinafter referred to as JTS) accompanied by proof of progress of the project. Therefore the LP has to submit a Progress Report – with each Application for Reimbursement – consisting of the description of the activities carried out and their outputs and results during the reporting period and a financial report presenting the financial progress of the project in accordance with the approved application. Even if no expenditures were incurred in a reporting period, the progress report shall be submitted in due time to the JTS.
2. The LP has to submit the Progress Report and the Application for Reimbursement for each four-month reporting period from the project starting date indicated in Article 2.1. The LP is entitled to submit a startup Progress Report within 105 calendar days from the conclusion of the subsidy contract in case the project was approved with preparation costs to be co-financed or the starting date of the Project is before the conclusion date of this subsidy contract. In this case the first Progress Report shall cover the period between the signature of the Contract and the end of the first four-month reporting period. The Progress Report and the Application for Reimbursement have to be submitted to the JTS within 105 calendar days from the end date of each reporting period. The reporting periods and the actual deadlines for submission are indicated in Article 4.13.
3. Additional obligatory deadlines to submit an Application for Reimbursement may be set by the MA in order to avoid decommitment of ERDF contribution at programme level.
4. The startup Progress Report and Application for Reimbursement (if any) have to cover the preparation costs of the project and the project expenditure incurred between the starting date of the project and the conclusion date of this subsidy contract. In case no startup Progress Report and Application for Reimbursement is submitted, the above mentioned costs have to be included in the first Progress Report and Application for Reimbursement covering the first reporting period as indicated in Article 4.13.
5. The final Progress Report and final Application for Reimbursement have to be submitted to the JTS within 120 calendar days after the end date of the project as indicated in Article 2.2.

6. The language of each report is English. The forms and tools of the Progress Report, Application for Reimbursement and the Declarations on validation of expenditure are defined for the HUSK programme and are obligatory to use. The LP has to complete and submit the Progress Report and the Application for Reimbursement online through the Front Office surface of the IMIS 2007-2013 (the monitoring and information system of the Programme; hereinafter referred to as the system). Access to the system is only permitted by means of an individual username and password. The Rules of Use of the system are set in Annex VII. of this contract. Further rules on reporting – including the documents to be submitted with the Progress Report – are set in the HUSK Project Implementation Handbook.
7. The Application for Reimbursement submitted by the LP shall contain only validated expenditure and shall be supported by the Declarations on validation of expenditure issued by the Control Bodies of the PPs. The LP shall ensure that the expenditure presented by the PPs participating in the project have been incurred for the purpose of implementing the project and corresponds to the activities agreed between those partners.
8. In compliance with the Article 20(1)d of the Regulation (EC) No. 1080/2006, the LP shall ensure that the expenditure of its PPs has been verified by the designated Control Body of the PP. The designated Control Bodies and the national level control requirements for each Member State are available in the HUSK Project Implementation Handbook.
9. In case the Declarations on validation of expenditure are not received from each project partner for a given reporting period, the LP shall submit the Application for Reimbursement on the basis of the Declarations on validation of expenditure available for the reporting deadline. The expenditure of the PPs submitted for validation but not validated for the given reporting period within the deadline might be requested only in the next Application for Reimbursement. In case of expenditures held back by procedures launched by programme bodies, in particular by irregularity procedures, eligible expenditures might be requested in the Application for Reimbursement after the closure of the procedure in question.
10. The LP shall submit the Application for Reimbursement in Euro, based on the Declarations on validation of expenditure in Euro issued by the designated Control Body of the PPs.
11. PPs from Member States, which have not adopted the Euro as their currency, shall convert into Euro the amounts of expenditure in the list of invoices incurred in national currency before submission for validation to the responsible Control Body of the Member State. The expenditures shall be converted into Euro using the monthly accounting exchange rate of the European Commission in force in the last month of the reporting period. The monthly exchange rates of the European Commission are available at website of the European Commission.
12. The exchange rate risk is borne by the PP/LP concerned.
13. The LP shall request the reimbursement of ERDF contribution on the basis of the following table (which includes the total project budget with governmental and own contribution):

	Reporting period	Deadline for submission of the Progress Report and Application for Reimbursement	Indicative spending forecast (EUR) (2 decimals needed)
1	01/01/2014 - 30/04/2014	Within 105 days after the last day of reporting period, latest 13/08/2014	14,878.00
2	01/05/2014 - 31/08/2014	Within 105 days after the last day of reporting period, latest 14/12/2014	8,608.00
3	01/09/2014 - 31/12/2014	Within 120 days after the last day of reporting period, latest 30/04/2015	399,790.00
Total:			423,276.00

14. The spending forecasts of the project are set out in point 13. and remain unchanged for the whole project period. The LP has the possibility to deviate from the spending forecasts considering that in case of n+2/n+3 decommitment resulting from underspendings compared to the spending forecast, the MA is entitled to decommit the project by reducing the original project budget and the corresponding ERDF contribution. In case of the decision on the decommitment of the Project, the MA initiates the amendment of the present SC. The Addendum to the SC has to be signed by both Parties.
15. In case of projects with investment activities co-financed, the LP shall submit yearly follow-up reports till the end of the period laid down in article 14(1) in the format set in the HUSK Project Implementation Handbook to the JTS proving the sustenance of the project outputs. The first follow-up report shall be submitted within one year from the end date of the Project.
16. The LP has to provide immediate information to the JTS about circumstances that delay, hinder or make impossible the realization of the project, as well as about any circumstances that mean a change of the reimbursement conditions and frameworks as laid down in this contract or entitle the MA to reduce or demand repayment of the ERDF contribution wholly or in part. Immediate information shall also be provided in case the project has not been or cannot be fully implemented by carrying out the planned activities, the planned outputs and results and by achieving at least 80% of the quantifiable outputs, or the project cannot or could not be realized in due time. In case that the project cannot be implemented according to the time schedule fixed in the Application and in annex 1 as well as according to the payment schedule stated in point 13 of this article the fact has to be reported immediately to the JTS in order to seek written approval. The request for approval does not imply the approval.
17. ERDF funds not requested according to the plan may be lost by the beneficiaries.

Article 5

1. The reimbursement of ERDF contribution to the LP will be initiated only after the verification and acceptance of the Progress Report and its annexes, the Application for Reimbursement and the Declarations on validation of expenditure.

second unsuccessful request for completion, the Application for Reimbursement and the Progress Report may be rejected. A rejected Application for Reimbursement can be resubmitted only once and for the next reporting deadline following to the reporting period concerned.

3. The reimbursement of ERDF contribution will be authorised by the Certifying Authority. In case the ERDF balance of the programme single bank account handled by the Certifying Authority does not cover the amount to be reimbursed, the reimbursement process will be suspended till the transfer of the ERDF contribution from the European Commission is credited to the programme single bank account.
4. For receiving the reimbursement of ERDF contribution and for the transfers of ERDF contribution to the PPs, the LP has to open a separate EUR bank account exclusively for the project.
5. The ERDF contribution will be reimbursed in Euro only and transferred to the following separate project bank account indicated by the LP:

7. In case the Lead Partner fails to properly inform the JTS on the details of its bank account opened specifically for the project all consequences, including those of financial nature shall be borne by the Lead Partner.
8. The LP is responsible for transferring the ERDF contribution to the PPs participating in the project according to the approved Application for Reimbursement, within the timeframe agreed in the Partnership Agreement and in full; no specific charge or other charge with equivalent effect shall be levied which would reduce these amounts for the PPs.
9. Bank statements proving the management of the separate project bank account have to be presented to the JTS according to the rules specified in the HUSK Project Implementation Handbook.

Ownership/use of results, revenues generated

1. In accordance with the Article 57(1) of Regulation (EC) No 1083/2006, the project retains the ERDF contribution only if that project does not, within five years from the end date the project, undergo a substantial modification:

2. Ownership, title and industrial and intellectual property rights in the outputs of the project and the reports and other documents relating to it shall vest in the LP and PPs. Leasing, handing over/selling and transferring the rights of use of the outputs of the project is only possible with the prior written consent of the MA and only in case if all the rights and obligations following from this contract and connected to the subject of matter will be transferred to the new party.
3. The use of the results of the projects will be agreed by the LP and the JTS in order to guarantee a widespread publicity of such results and to make them available to the public.

4. The LP and the JTS shall find individual arrangements in those cases where intellectual property rights (such as for data acquired for the project, which do not belong to public domain) already exist.
5. Should the project be identified as revenue-generating in accordance with the definition provided in Article 55(1) of Regulation (EC) No 1083/2006, the MA is entitled to deduct from the Application for Reimbursement the estimated net revenue that may be generated by the project. In order to define the amount to be deducted, the MA shall take into account the criteria listed in Article 55(2) and (3) of the aforementioned Regulation.
6. Where, at the latest three years after the closure of the programme, it is established that a project has generated revenue that has not been taken into account, such revenue should – in line with Art 55 (4) of the aforementioned regulation – be refunded by the LP to the general budget of the European Union in proportion to the contribution from the funds.
